INDEPENDENT STATUTORY AUDITOR'S REPORT on the assurance engagement providing reasonable assurance in relation to the assessment of the Remuneration Report

Performed for the Annual General Meeting and Supervisory Board.

Patentus Spółka Akcyjna

VATTIN: 6381435033, NBRN: 0000092392

registered office: 43-200 Pszczyna, Górnośląska St. 11

We were engaged to evaluate the attached remuneration report of PATENTUS SA, (hereinafter "the Company") for the fiscal year lasted from 1st January 2022 to 31st December 2022 in terms of the completeness of the information disclosed therein, required pursuant to Art. 90 g §1-5 and 8 of the Act of 29th July 2005 on Public Offering and Conditions Governing the Introduction of Financial Instruments to Organized Trading and Public Companies (Journal of Laws of 2021 item 1983, 2140) (hereinafter the "Act on Public Offering").

Description of the subject matter and applicable criteria

Remuneration Report was prepared by the Supervisory Board in order to meet the requirements of Art. 90g § 1 of the Act on Public Offering. The applicable requirements regarding the remuneration report are contained in the Act on Public Offering.

Complementary guidelines are included in the Guidelines on the standard presentation of the remuneration report in accordance with Directive 2007/36/EC of the European Parliament and the Council, as amended by Directive (EU) 2017/828, on encouraging long-term shareholder engagement.

The requirements described in the preceding sentence define the basis for the remuneration report preparation and, in our opinion, constitute appropriate criteria for our formulation of a reasonable assurance conclusion.

In line with the requirements of Art. 90 g § 10 of the Act on Public Offering, the remuneration report is subject to assessment by a statutory auditor in terms of the information disclosure required under Art. 90 g § 1-5 and 8 of the Act on Public Offering. The present report fulfills this requirements.

By the auditor's assessment referred to in the preceding sentence and providing the basis for our conclusion that provides reasonable assurance, we mean an assessment of whether, in all material respects, the scope of information presented in the remuneration report is complete, and has been disclosed with the level of detail required by the Act on Public Offering.

Responsibility of the Supervisory Board Members

Pursuant to the Act on Public Offering, the Company's Supervisory Board members are responsible for the remuneration report preparation in accordance with applicable law, and in particular for the completeness of this report and the information contained therein.

The Supervisory Board's responsibility also includes the design, implementation and maintenance of an internal control system to ensure the preparation of a complete remuneration report that is free from material misstatement, whether due to fraud or error.

Responsibility of the statutory auditor

Our goal was to assess the completeness of the information disclosed in the attached remuneration report against the criteria specified in the section *Description of the subject matter and applicable criteria* and to express, based on the evidence obtained, an independent conclusion from the assurance service performed providing reasonable assurance.

We have performed our engagement in accordance with the regulations of the National Standard on Assurance Engagements Other than Audit or Review 3000 (Z) in the wording of the International Standard on Assurance Engagements 3000 (amended) – "Assurance Engagements other than Audits or Reviews of Historical Financial Information", adopted by Resolution No. 3436/52e/2019 of the National Council of Statutory Auditors of 8th April 2019, with subsequent amendments (hereinafter: "KSUA 3000 (Z)").

This standard requires the auditor to plan and perform procedures in such a manner as to obtain reasonable assurance that the remuneration report was prepared completely in accordance with the specified criteria.

Reasonable assurance is a high level of assurance, but it does not guarantee that the service performed in accordance with KSUA 3000 (Z) will always detect an existing material misstatement.

The procedures selected depend on the auditor's judgment, including the auditor's assessment of the risks of material misstatement, whether due to fraud or error. While making those risk assessments, the auditor shall consider the internal control associated with the preparation of a complete report in order to plan appropriate procedures to provide the auditor with sufficient evidence appropriate to the circumstances. The assessment of the functioning of the internal control system was not carried out in order to express a conclusion on its effectiveness.

Summary of the work performed and the limitations of our procedures

The procedures planned and carried out by us included in particular:

1. analysis of the remuneration report content and comparing the information contained therein with the applicable requirements;
2. analysis of the resolutions of the Company's Annual General Meeting regarding the remuneration policy for the Management Board and the Supervisory Board members along with the resolutions of the Supervisory Board detailing them;
3. establishing, by comparing with corporate documents, a list of persons for whom there is a requirement to include information in the remuneration report and establishing,

through inquiries of persons responsible for the report preparation, and, where we deemed it appropriate, also directly of persons who are subject to the requirement to provide information whether all the information covered by the criteria for the remuneration report preparation were disclosed.

Our procedures were solely aimed at obtaining evidence that the information disclosed by the Supervisory Board in the remuneration report in terms of its completeness complies with the applicable requirements. The purpose of our operations was not to assess the sufficiency of the information disclosed in the remuneration report in terms of the purpose of the remuneration report preparation, nor to assess the correctness and reliability of the information contained therein, in particular as to the disclosed amounts, including estimates made for previous years, numbers, dates, recognition in the division, allocation methods, compliance with the remuneration policy adopted by the Management Board.

Remuneration report was not audited in the sense of the National Auditing Standards. In the course of the assurance engagements performed, we did not audit or review the information used to prepare the remuneration report, and therefore we do not accept responsibility for issuing or updating any reports or opinions on the Company's historical financial information.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion expressed below.

Ethical requirements, including independence

When performing the engagement, the statutory auditor and the audit firm complied with the independence and other ethical requirements set out in the International Code of Ethics for Accountants (including the International Standards of Independence) of the International Ethical Standards Board for Accountants, adopted by the resolution of the National Council of Statutory Auditors No. 3431/52a/2019 of 25th March 2019 on the principles of professional ethics of statutory auditors (hereinafter the IESBA Code). The IESBA Code is based on the fundamental principles of integrity, objectivity, professional competence and due diligence, confidentiality and professional conduct. We have also complied with other independence and ethical requirements that apply to this assurance service in Poland.

Quality control requirements

The audit firm applies the National Standards of Quality Control (hereinafter KSJK) adopted by resolution No. 38/I/2022 of the National Council of Statutory Auditors of 15th November 2022, on matters regarding National Standards of Quality Control and National Audit Standard 220 (as amended).

In accordance with the requirements of the NSoQC, the audit firm maintains a comprehensive quality control system including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Conclusion (assessment)

The auditor's conclusion is based on the matters outlined above and the conclusion should therefore be read with these considerations in mind.

In our opinion, the attached remuneration report, in all material respects, contains all the elements listed in Art. 90 g § 1-5 and 8 of the Act on Public Offering.
